STALINABAD TAKES STEPS TO CURB BRUCELLOSIS

The executive Committee of the Stalinabad City Soviet of Deputies on
28 March 1950 made the following decisions to combat brucellosis:

1. Owners of cattle, sheep, and goats must have these animals in city
zootechnical veterinary institutes prior to 30 April in order to have the ani-
mals registered and examined for brucellosis.
2. All cattle coming into Stalinabad after 30 April 1950 are to be regis-
tered and examined for brucellosis no later than 3 days after their arrival.
3. The management of kolkhoz markets forbids the sale of cattle which do
not have veterinary documents.
4. Veterinary personnel are prohibited from giving out documents for
cattle which have not been examined for brucellosis.
5. The sale of milk without a statement showing that the cattle have
been examined for brucellosis is forbidden.
6. The formation of suburban herds is to be decided exclusively on the
basis of information concerning treatment of the cattle for brucellosis.
7. Owners who avoid registering or treating cattle for brucellosis and
violate these regulations will have to pay a fine of 100 rubles or serve a sen-
tence of forced labor for one month.
8. The supervision for executing this compulsory decision is delegated
to the zootechnical veterinary institutes and the State Sanitation Inspection
of Stalinabad.
9. The present compulsory decision will go into effect immediately upon
publication and will be effective in Stalinabad during the next 2 years.
